JUGE DE LA SPÉCIALITÉ / SPECIALTY JUDGE

LOUISE PINKNEY

Hydebeck Kennel, Carnaby, Bridlington East
Yorkshire, UK

Je possède des Irish Wolfhounds depuis 1976, le premier étant Erindale Louise of Hydebeck. C'était une chienne de qualité avec un excellent pedigree et elle a également bien réussi dans le ring. Plus tard, accouplée à Ch. Carrokeel Coillte Merlin en mars 1980, elle a produit le premier

champion Hydebeck, Ch. Hydebeck Ballycarrie. Maintenant, 43 ans plus tard, j'ai possédé et élevé 21 champions.

Les victoires remportées en Angleterre incluent Top IWH 6 fois, Top Breeder plusieurs fois, Top Sire, Top Puppy et Top Brood Bitch.

Ma première nomination pour attribuer des certificats de champion remonte à 1989 et j'ai jugé la race à Crufts en 2006, le World Show, à la Fédération IWH, dans plusieurs pays, dont la Finlande, la Norvège, la Suède, l'Allemagne, la France, la Belgique, le Canada... certains d'entre eux à plusieurs reprises.

J'ai hâte de juger vos chiens et de rencontrer tous les membres du club et les exposants.

*

I have owned Irish Wolfhounds since 1976 with my first being Erindale Louise of Hydebeck. A quality bitch with an excellent pedigree, she was also successful in the show ring.

Later mated to Ch. Carrokeel Coillte Merlin in March of 1980 she produced the first Hydebeck Champion, Ch. Hydebeck Ballycarrie. Now 43 years down the road I have owned and bred 21

Champions.

The wins in England include Top IWH 6 times, Top Breeder several times, Top Sire, Top Puppy, and Top Brood Bitch.

My first appointment to award Champion Certificates was in 1989 and have judged the breed at Crufts 2006, The World Show, IWH Federation twice, other countries including

Finland, Norway, Sweden, Germany, France, Belgium, Canada ... some of these several times.

I am looking forward to judging your hounds and meeting all the club members and exhibitors.

Commentaires Généraux

J'ai été ravie et honorée d'être invitée à juger votre spécialité. Ce fut un événement amical et joyeux qui a permis aux éleveurs et propriétaires de montrer leurs chiens et de se retrouver pour une belle journée. Le comité a mis beaucoup d'efforts pour organiser cet

événement et les résultats s'en sont reflétés tout au long de la journée, incluant le buffet absolument copieux et le merveilleux tirage.

Je voudrais remercier mon excellente surintendante, Marie Pontois, qui a fait en sorte d'assurer un bon déroulement dans ring et qui m'a

guidé durant tout la journée. Rien n'était trop demander à mon hôtesse, Huguette Rainforth, qui m'a accueillie dans sa belle maison.

Quelle femme bienveillante et accueillante!

Merci aux exposants pour avoir inscrits leurs beaux lévriers et pour avoir accepté mes choix et placements avec grâce.

D'après ce que j'ai vu ce jour-là, je ne vois aucun problème réel dans la race. J'étais satisfaite du tempérament des chiens et de la solidité de leurs mouvements. La dentition dans son ensemble était bonne, à part deux ou trois chiens avec des dents mal placées.

C'est une faute dont il faut tenir compte lors de la reproduction.

General Comments

I was delighted and honoured to be invited to judge your specialty show. This is such a friendly and happy occasion for breeder and owners to show their hounds and meet up for a lovely day. The committee work so hard to put this event on and it does show in the running on the day. The hearty lunch and not forgetting the marvellous raffle

I would like to thank my steward for keeping the ring running smoothly and me in order throughout the day.

Nothing was too much trouble for my host Huguette Rainforth who welcomed me into her beautiful home, what a kind caring lady she is.

Thank you to the exhibitors who took my placing with such good grace and for entering their beautiful hounds.

I don't see any real problems in the breed from what I saw on this day. I was pleased with the temperament of the hounds and also soundness in movement. Mouths on the whole were good apart from two or three with misplaced teeth, this needs to be considered when breeding.

This wheaten was placed 4th as for me she was longer in ribs, which caused her to be flat in topline, her head was a good proportion with a neat rose ear and dark pigmentation, she had length of neck and nice to see an arch, movement was true but the flat topline showed on the move.

All the curves and strength of a quality bitch, good head proportions little light in eye, strong neck leading into good lay back of shoulder and correct top line with a rise over the loin, plenty of strength throughout body, good second thigh and nice low hock, movement true although a little near behind going away.

When stacked this bitch is a substantial girl, correct depth to length of leg, she has width across her chest, strong neck but for me a little heavy in shoulder, powerful hindquarters with strong low hock, nice croup, long tail, Sound throughout.

All proportions were right on this light wheaten bitch, she has very good pigmentation with a dark almond shaped eye, her movement was sound both ways and the side gait had extension.

A dark brindle girl who again was of good type, a little shorter in neck and longer in body but so much to like, in good harsh jacket and well handled.

Distinguished brindle girl of good size and looking so well for her age, very gentle head and expression leading into strong neck with good lay back of shoulder, correct strong topline and underline, well-constructed and balanced, in excellent condition, she stood over plenty of ground, moved true and well-handled.

Quality brindle looking very well, front assembly was sound but I would like a little more leg length, her hindquarters were strong with shape, her movement was spot on.

Feminine and substantial, gentle head, strong through body, for me I would little more foreleg, hindquarters were good with a low hock, in full coat, moved well.

So much to like in the dark girl, not looking or moving like a veteran, she had a good reach in front and was very easy and active, she kept her outline on the move, not quite as gentle expression, she was in a good harsh jacket.
